

proconarum from conarum Now Available on SAP® Store

*By integrating with S/4 HANA and SAP BTP, proconarum from conarum delivers a seamless integrated supplier platform to customers.*

**St. Leon-Rot — 07.06.2023** — conarum today announced that its [proconarum](#) is now available on [SAP® Store](#), the online marketplace for SAP and partner offerings. proconarum integrates with S/4 HANA and delivers a seamless integrated supplier platform to customers.

In the spirit of seamless business operations, it is imperative to effectively integrate partners and suppliers into your business **processes**. Through high-level integration -and now with certified oData services and API- of proconarum with SAP S/4HANA or SAP ECC, customers enrich and validate data, and optimize their supply chain management processes and data quality. Shared supplier master data management ensures accuracy, eliminates redundancies, and maintains consistency, simplifying communication and improving supplier relationships. Our solution minimizes interface issues and data replication, eradicates the need for manual data transfers, thereby reducing errors and uses the advantages and the flexibility of the SAP BTP platform.

The hybrid solution offers for example

- Seamlessly integrate partners and suppliers into your business processes
- Manage your suppliers master data in a shared way
- Reduce interface issues and data replication
- Run in your private SAP BTP, as a PaaS model, or integrate-only components of proconarum in your supplier portal
- Offer a platform for all your suppliers' needs

proconarum is built on SAP Business Technology Platform (SAP BTP) with SAP standard SAP services in SAP foundry environment.

SAP Store, found at [store.sap.com](https://store.sap.com), delivers a simplified and connected digital customer experience for finding, trying, buying and renewing more than 2,300 solutions from SAP and its partners. There, customers can find the SAP solutions and SAP-validated solutions they need to grow their business. And for each purchase made through SAP Store, SAP will plant a tree.

If your company is part of the SAP PartnerEdge program, add this paragraph:

conarum is a partner in the SAP PartnerEdge® program. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively.

#### *About conarum GmbH & Co KG*

conarum, based in St. Leon-Rot near Walldorf Germany, is a development and consulting company specializing in Master Data Management and Governance (MDG), procurement, and ERP and SAP BTP technology in the SAP environment.
